### Products series A1

- **Board front mounting rail type and board back type weather-proof switch component**
  - **IP20**
  - **-55°C ≤ Ts ≤ 60°C**
  - **Rated voltage:** 250V, 250V, 110V, 24V
  - **Regulation value:** AC25, AC25, PC25, DC25
  - **Rated current:** 16A, 10A, 9.5A, 1A
  - **Ambient temperature:** Ta ≤ 40°C, Ta ≤ 60°C, Ta ≤ 50°C, Ta ≤ 60°C

- **Signal lamp component**
  - **M3202 Signal lamp**
  - **-55°C ≤ Ts ≤ 60°C**
  - **12V - 850V AODC**
  - **200V - 400V AC**

- **Signal lamp with button component**
  - **M3212 Signal lamp with button**
  - **-55°C ≤ Ts ≤ 60°C**
  - **12V - 250V AODC**
  - **Mechanical life: 300,000 times**

- **Potentiometer component**
  - **M3203 Potentiometer**
  - **-55°C ≤ Ts ≤ 60°C**
  - **IP20**
  - **12V - 250V AODC**
  - **Long life: 300,000 times**
  - **Rural power: 0.1W**
  - **Range: 0 - 100%**

### Products series B1

- **Weather-proof illumination switches, Weather-proof terminal box**
  - **M3201 Full plastic weather-proof illumination switches**
  - **M3221 Full plastic weather-proof terminal boxes**
  - **M220 Cable glands**
  - **M225 Plastic stepping plugs**
  - **M226 Full plastic weather-proof switch box (operation switch)**
  - **M227 Full plastic weather-proof control box**
  - **OM400/500/600C weatherproof stainless steel switch box**

### Products series C1

- **Weather-proof illumination switches, Weather-proof terminal box**
  - **M220 Full plastic weather-proof plugs and sockets**
  - **M222 Full plastic weather-proof combined socket boxes**
  - **M200 Full plastic weather-proof distribution box**
  - **M201 Full plastic weather-proof electronic starters**
  - **M301 Full plastic weather-proof circuit breakers**
  - **M202 Full plastic weather-proof electric box**
Light fittings series

- Type of protection “n” explosion-proof light fittings
- Weather-proof light fittings
- Zone 2
- Zone 21 and zone 22
